#84-3478

The Honorable William J. Casey
Director of Central Intelligence
Central Intelligence Agency
Washington, D.C. 20505

Dear Bill:

The New York Times and other newspapers have published articles over the past few days alleging that the Central Intelligence Agency produced a manual titled "Psychological Operations in Guerrilla War" for use by anti-Sandinista forces, and that this manual contains what are in effect recommendations and instructions regarding the physical elimination of selected Nicaraguan officials.

Bill, this appears to be a serious allegation that raises questions concerning compliance with the President's Executive order on intelligence activities. I would greatly appreciate it if you could provide the Committee staff with a full briefing on this matter as soon as possible.

Sincerely,

Barry
